

What You Get When You **INVEST** In CIS!

- * Evidence-based, integrated student support model – using a team approach to provide resources and success for students
- * Direct Service Delivery “In Schools” – employing full time staff to develop and implement defined interventions based on school and student needs
- * Support for the whole student – providing holistic services for vulnerable young people, Pre-K to 12
- * Proven partnerships with food, clothing, behavioral health and health care providers – securing resources to meet basic health and social emotional needs
- * Comprehensive data collection and analysis to measure outcomes and determine effectiveness – facilitating continuous monitoring and evaluation of student supports to demonstrate results and improve practice
- * Post-secondary education and workforce development – engaging students in a variety of activities related to college and career readiness
- * Mentoring – according to the founder of CIS, “programs don’t change students but relationships do!” Thus, we enlist caring adults to encourage and advise students through multiple mentoring platforms
- * Academic Assistance and Enrichment – enrolling students at risk of not graduating in standards-based, virtual learning, while also exposing students to a variety of cultural and service learning opportunities
